Operational Alerts

RAW RUBBER INDEX

$287.80 / kg

RSS3 proxy for commercial tyre cost trends.

- **Tyres:** Indian manufacturers indicating cost pressures on natural rubber supplies.
- **Paint Inputs:** TiO2 prioritized under Franco-Valuta input schemes.
- **Plastics:** Maintain early LC pipeline registration at CBE for PVC resin.

Foreign Exchange (ETB Cross-Rates)

USD (US Dollar)	**161.72**
EUR (Euro)	**181.79**
GBP (British Pound)	**215.39**
CNY (Chinese Yuan)	**24.13**
AED (UAE Dirham)	**44.04**

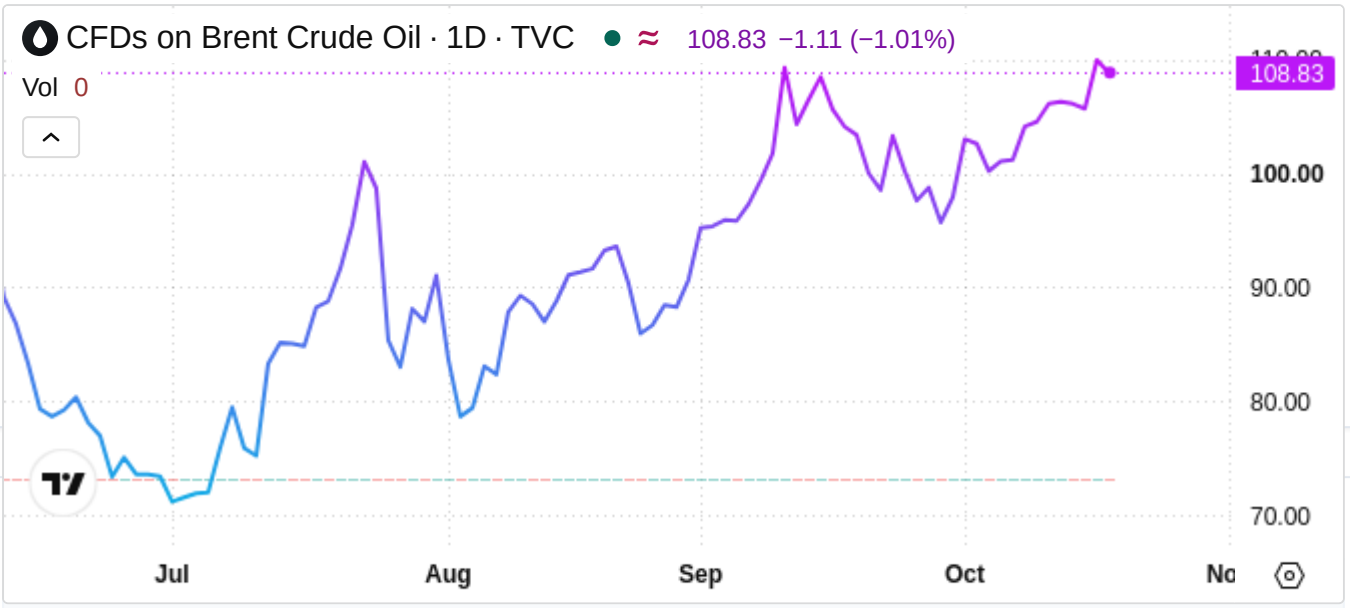

MoTRI & Policy Directives

Revised Franco-Valuta Regulations
MoTRI confirms essential manufacturing inputs retain priority clearance channels without central allocation queues.

Export Retention Directives
Agro exporters maintain authorized 30-day foreign exchange retention windows for dedicated raw-material imports.

Industrial Park Duty Exemptions
Raw plastic polymers and capital machinery imports continue under designated manufacturing incentives.

Brent Crude Oil (Solvent Cost Benchmark) **$109.09 / bbl**

Carrier Status Matrix

MSC: Rerouting Asia-Djibouti loops around Cape of Good Hope (+14 days).

Maersk: Southern routing maintained; premium feeder connections into SGTD.

CMA CGM: Select convoys via Bab al-Mandab subject to naval escort windows.

ESL (Ethiopian Shipping Lines): Dedicated feeder operations running normal schedules on Djibouti corridor.

Port of Djibouti (SGTD)
Berth congestion: 3-5 days wait
